

Loudoun County 4-H Entomology Club Rules

1. Since safety is always first, any insects or animals brought to meetings should not have venom that poses a significant risk to humans (i.e. black widow, brown recluse).
2. Insects should be in an appropriate container or insect carrier if brought to the meetings for the safety of the members and the insects.
3. Members should be present at 5 out of 8 meetings to be eligible for exhibition at the Loudoun County Fair.
4. Members should sign the attendance sheet at each meeting.
5. Members should help restore the meeting room to order after each meeting.
6. Members should participate in at least one club service project each year.
